New State Tea
The Delightful Drink

Fragrant as the new blown rose. In the Orient, where the best tea is grown, the gardens yield two and sometimes three crops or pickings from the same plant. The first picking is in May. The young leaves are tenderest, full of fragrance and strength. The tea which is brewed from them is clear and pure. The later pickings are heavier and have not the natural sweetness of the first crop which makes tea one of the most delicious of beverages. You can always get the early May picking of Orient Tea if you buy the sanitary packages of

NEW STATE
GUNPOWDER
TEA

New State Tea (the finest produced) or Louis Tea (high grade—popular priced)

which is packed in sanitary air-tight packages in China and Japan and is opened in your kitchen. Select your favorite variety of New State or Louis Tea. Gunpowder, Imperial, Basket Fired Japan. Look for them on your grocer's shelf. Ask him—insist upon them.
